

Experience the Difference!

Schwarzkopf Professionals

Since 1898, Schwarzkopf professionals, a German company, has been at the cutting edge of the hairdressing industry and is one of the leading companies incorporating innovative technology to make your haircare experience specialized and unique. For example; Bonacure is the first hair care regime providing a personalized hair therapy for long-lasting beauty from within. They offer Amino Technology with Amino acid, a natural hair substance, seals and cares for the outer surface of the hair.

Since 1958

Eminence Organic Skin Care

Eminence's beauty essential products are handpicked in Hungary and hand-mixed to ensure that you receive the highest possible levels of all-natural organically grown herbs, fruits and vegetables; giving your skin the vital nutrients it needs to not only look it's best, but to be healthy.
